PROFESSIONAL SUMMARY

Developer with experience building web applications using Angular, React.js, Next.js, Express.js, and . Experienced in developing client and internal products, REST API integration, responsive UI development, and database-driven applications. Currently using Cursor AI and Antigravity AI to accelerate product development, debugging, code implementation, and problem solving across Angular, React, and .NET projects.

TECHNICAL SKILLS

Frontend Technologies: React.js, Next.js, Angular, Angular Material, PrimeNG, Bootstrap, HTML5, CSS3
Backend Technologies: Express.js, REST API Development
Database: MongoDB, PostgreSQL (Basic)
Programming Languages: JavaScript, TypeScript
AI & Development Tools: Cursor AI, Antigravity AI, Git, Postman, VS Code

PROFESSIONAL EXPERIENCE

Software Engineer
NOHITATU TECHNOLOGIES PRIVATE LIMITED, CHENNAI — **04 May 2026 – 19 September 2026**

- Developing client and internal products using Angular, React, and .NET.
- Working on the Phicure client project and contributing to product development and implementation.
- Developing and enhancing the internal task management product, itsyourTask.
- Using Cursor AI and Antigravity AI to support efficient development, debugging, code implementation, and problem solving.
- Integrating frontend applications with backend services and REST APIs.
- Building responsive user interfaces and implementing product features based on project requirements.

Junior Software Engineer Trainee
SPAN TECHNOLOGY SERVICES PVT LTD, COIMBATORE — **02 June 2025 – 11 February 2026**

- Worked on TaxBandits Payroll product using React.js and Express.js.
- Developed payroll and employee management features.
- Built and integrated RESTful APIs.
- Managed payroll data using PostgreSQL and implemented CRUD operations.
- Implemented report filtering and resolved UI issues.

Junior Software Engineer
AGOGOS TECHNOLOGY LLP, COIMBATORE — **April 2024 – January 2025**

- Building and maintaining scalable frontend applications using Angular, Angular Material, and PrimeNG.
- Creating responsive user interfaces with Bootstrap.
- Integrating REST APIs for dynamic data management.
- Collaborating with cross-functional teams to deliver high-quality software.
- Conducting code reviews and maintaining clean coding standards.

Frontend Developer Intern
AGOGOS TECHNOLOGY LLP, COIMBATORE — **February 2024 – April 2024**

- Building and maintaining scalable frontend applications using Angular, Angular Material, and PrimeNG.
- Creating responsive user interfaces with Bootstrap.
- Integrating REST APIs for dynamic data management.
- Collaborating with cross-functional teams to deliver high-quality software.
- Conducting code reviews and maintaining clean coding standards.

PROJECTS

Phicure – Client Project

- Developing and enhancing product features as part of the client project using Angular, and .NET. Using Cursor AI and Antigravity AI to assist with implementation, debugging, and development workflows.
- Technologies: Angular, .NET, Cursor AI, Antigravity AI

itsyourTask – Task Management Product

- Contributing to the development and enhancement of the internal task management product, including implementation of product tasks and feature updates.
- Technologies: React, Cursor AI, Antigravity AI

TaxBandits – Payroll Module (Full Stack)

- Developed payroll processing logic and employee payroll data management.
- Implemented benefit calculation workflows.
- Built report filters and dynamic data rendering.
- Technologies: React.js, Express.js, MongoDB

Pixel Track

- Developed login, registration, dashboard, subscription, roles, permissions, and user profile features.
- Technologies: Angular, PrimeNG, TypeScript, CSS, Git

Zoho Book - Sales Estimates Page

- Recreated the Sales Estimates page with responsive design and enhanced functionality.
- Technologies: Angular,PrimeNG,TypeScript, CSS

Progress Tools

- Built a web-based tool for SQL management with responsive UI.
- Technologies: Angular, Bootstrap, TypeScript, GitLab

EDUCATION

Master of Computer Applications (MCA) **2022 – 2024**
KGiSL Institute of Information Management, Coimbatore

Bachelor of Science in Computer Science (B.Sc.) **2019 – 2022**
Ramakrishna Mission Vidyalaya College of Arts and Science, Coimbatore
